Greetings from Manipal.

Dear Members of KAMLS and Forensic Fraternity

Manipal is a town located 5 kilometers from Udupi district in Karnataka, India. It is located in the part of Coastal Karnataka, about 63 km north of Mangalore and 30 km southwest of the Arabian Sea. From its location on a plateau, it commands a panoramic view of the Arabian Sea to the west and the Western Ghats to the east.

The name is derived from “mann” and “palla”, anglicized to Manipal. Mann means “mud” and palla means “lake” in Tulu language. This lake, roughly a 400m diameter circle, after which Manipal is named, is located in the middle of the town, and offers boating facilities.

Manipal was once a barren hill with few trees. This hill was transformed to a 400m diameter circle, after which Manipal is named, is located in the middle of the town.

We extend a warm welcome to all of you to our beautiful campus on the west coast of Karnataka and be a part of the KAMLSCON 2018.
